

WSP is one of the world's leading professional services firms. Our purpose is to future proof our cities and environments.

We have over 48,000 team members across the globe. In Canada, our 8,000+ people are involved in everything from environmental remediation to urban planning, from engineering iconic buildings to designing sustainable transportation networks, from finding new ways to extract essential resources to developing renewable power sources for the future.

The excellence we bring to our work and to our workplace has been recognized far and wide. We're among the [LinkedIn Top 25 Companies](#) two years in a row, one of the [Top 100 Sustainable Companies in the World](#) (and among the Top 10 in Canada), and we earned Platinum Elite Recognition through our participation in more than half of [Canada's Top 100 Infrastructure Projects](#).

At **WSP** :

- We value our people and our reputation
- We are locally dedicated with international scale
- We are future focused and challenge the status quo
- We foster collaboration in everything we do
- We have an empowering culture and hold ourselves accountable

PLANNER WINNIPEG, MB

WSP is currently seeking a **Planner** to join our **Planning, Landscape Architecture, and Urban Design** department located in our **Winnipeg** office. Reporting to the Manager, your responsibilities will include conducting background research and analysis, developing land use planning documents and policies, undertaking land development and municipal projects, public and stakeholder engagement and coordination with clients, government agencies and professionals of other relevant disciplines within and outside the WSP offices. Compensation will depend on professional experience.

RESPONSIBILITIES

- Background research and analysis;
- Preparation of planning documents and policy development;
- Professional consulting services to the land development industry, including assistance with subdivisions design, site layouts, and planning approval processes;
- Engagement with stakeholders and the public;
- Client coordination and project management;
- Proposal writing for private or public sector jobs;
- Work in an interdisciplinary team environment;
- Some travel within Manitoba and neighbouring provinces will be required; and
- Other duties as assigned.

QUALIFICATIONS

- Candidate should be eligible for full membership in the Manitoba Professional Planners Institute;
- Master's Degree in Planning or related discipline will be an asset;
- Previous experience in land use planning, land development, and/or urban design;
- Proven time management and organizational skills;
- Excellent written and oral communication skills; and
- Skills in GIS and/or Adobe Suite would be an asset.

Offers of employment for safety-sensitive positions involving fieldwork are contingent upon candidates being able to perform key physical tasks of the job as described in the job posting and interview. This may include the ability to work in a variety of environmental conditions, such as remote or isolated areas, working alone, and in inclement weather (within safe and reasonable limits).

WSP welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.

WSP is committed to the principles of employment equity. Only the candidates selected will be contacted.

WSP does not accept unsolicited resumes from agencies. For more information please [READ THE FULL POLICY](#).
